

## Subject: Year 11 Mock Exams – Information for Parents

Dear Parents and Carers,

As part of our continued support for Year 11 students in preparation for their GCSEs, we will be holding mock exams for a small number of subjects during the upcoming exam window. These mock exams are a vital opportunity for students to experience exam conditions, identify areas for improvement, and build confidence ahead of the summer exams.

### Key Information:

- **Mock Exam Dates:** Monday 23<sup>rd</sup> February 2026 – Friday 27<sup>th</sup> February 2026
- **Locations:** Classrooms – Students will be expected to line up before exams in the atrium with their equipment, prepared for the exam.
- **Equipment List:** Black Pens, Pencils, Ruler and Calculator in a clear pencil case. A clear water bottle is also allowed; however, any labels must be removed.
- **Timetable:** The full timetable is attached below. Students should go straight to their classrooms and not tutor time when an exam is timetabled.
  - Morning exams will run from 9:00am
  - Afternoon exams will run from 1:20pm.
  - When an exam is not timetabled, students are expected in school, and in their regular lessons.
  - Other subjects will be conducting mock exams, however, the exams listed on the timetable below are the ones which will cause some disruption to usual lessons/tutor time.
- **Preparation:** Students should be revising regularly and making use of the resources provided by their teachers. We encourage parents to support their child's revision at home.
- **Results:** Results will be shared with students and parents in Mid-March, again in the classroom setting.

### Why Mock Exams Matter:

- They help students understand the format and expectations of GCSE exams.
- They provide teachers with valuable insight into student progress.
- They allow us to tailor support and interventions in the lead-up to final exams.

If you have any questions or concerns, please don't hesitate to contact us. Thank you for your continued support in helping your child achieve their best.

Kind regards,

Dr Dan Horton,  
Assistant Headteacher – Curriculum
